

## Cardiff's Local Well-being Plan 2023-2028: Summary of Post-Consultation Amendments

Well-being Objective	Amendment	Reasoning
<p><b>Well-being Objective 1: Cardiff is a Great Place to Grow Up</b></p>	<p>The following priority has been added to Well-being Objective 1:</p> <p><i>Through the Cardiff Commitment, improve collaboration between Schools, Employers, and Further and Higher Education Institutions to further develop the authenticity of the School Curriculum in Cardiff, strengthening the power of Education to transform young people's futures and build the skills needed in 21<sup>st</sup> century workplaces.</i></p>	<p>To emphasise the critical importance of Education for Cardiff as a city/ the need to ensure that 'Education remains Everybody's Business'.</p>
	<p>The following priority has been amended:</p> <p><i>Develop a 'no wrong door' approach to mental health, well-being and support for children and young people, enhancing preventative services and supporting children presenting in acute psychological distress.</i></p> <p>To</p> <p><i>Deliver a nurturing, empowering, safe and trusted approach to emotional well-being and mental health for children and young people, enhancing preventative services and supporting children presenting in acute psychological distress.</i></p>	<p>To ensure alignment with the RPB's Area Plan commitments.</p>

Well-being Objective	Amendment	Reasoning
	<p>The following priority has been added to Well-being Objective 1:</p> <p><i>Reduce – and ultimately prevent – the uptake of smoking in children and young people.</i></p>	<p>The importance of reducing the harms of smoking to children and young people was highlighted by Public Health Wales.</p>
<p>The following indicators have been added to Well-being Objective 1:</p> <p><i>Percentage of students who currently smoke at least weekly*</i></p> <p><i>Percentage of Year 11's who smoke at Least weekly*</i></p> <p><i>Percentage of years 7 - 11 who have been offered cannabis in the last month*</i></p> <p><b>*Please note:</b> confirmation is needed that the data for these indicators is available.</p>		
	<p>The following priority has been amended:</p> <p><i>Develop an integrated care model for children and young people with complex health and disability needs.</i></p> <p>To</p>	<p>To ensure alignment with the RPB's Area Plan commitments.</p>

Well-being Objective	Amendment	Reasoning
	<p><i>Develop an integrated care model – and improve the support offer - for children and young people with co-occurring complex health and disability needs.</i></p> <p>The following priorities have been amended:</p> <p><i>Prevent and reduce offending by children and young people by delivering the Safer Future Together Strategy for youth justice.</i></p> <p><i>Protect vulnerable young people from exploitation and address serious youth violence through developing a robust, integrated, data-led approach to public services that work with young people.</i></p> <p>To</p> <p><i>Deliver safe and supportive communities to keep our children and young people safe from harm by:</i></p> <ul style="list-style-type: none"> <li>• <i>Preventing and reduce offending by children and young people through delivering the <a href="#">Building Safer Futures Together Strategy</a> for youth justice.</i></li> <li>• <i>Addressing serious youth violence through developing a robust, integrated, data-led approach to public services that work with young people.</i></li> </ul>	<p>The reference to addressing exploitation has been removed as this is a priority under Well-being Objective 4. The wording has been amended to ensure alignment with the RPB's Area Plan commitments.</p>

Well-being Objective	Amendment	Reasoning
	<p>The following priorities have been removed:</p> <p><i>Improve services, practices, and outcomes for young people with autism, including accommodation, respite, and day services.</i></p> <p><i>Improve services, practices, and outcomes for young people with a learning disability, including accommodation, respite, and day services.</i></p>	<p>Improving services, practices, and outcomes for young people with autism and learning disabilities will form actions under the following priority:</p> <p><i>Develop an integrated care model – and improve the support offer - for children and young people with co-occurring complex health and disability needs.</i></p>
	<p>The following priority has been amended:</p> <p><i>Meet the needs of unpaid carers, including young carers, by publishing and implementing a Cardiff and Vale Unpaid Carers Charter.</i></p> <p>To</p> <p><i>Identify and recognise unpaid carers, including young carers, for the vital contribution they make to the community and the people they care for, enabling unpaid carers to have a life alongside caring.</i></p>	<p>To ensure alignment with the RPB’s Area Plan commitments.</p>
<p><b>Well-being Objective 2: Cardiff is a Great Place to Grow Older</b></p>	<p>The following priority has been amended:</p> <p><i>Integrate care and support services to enable older people to live independently and well at home for as</i></p>	<p>To ensure alignment with the RPB’s Area Plan commitments.</p>

Well-being Objective	Amendment	Reasoning
	<p><i>long as possible, as well as prevent unnecessary time spent in hospital.</i></p> <p>To</p> <p><i>Establish integrated, locality-based, health and care services focused on meeting and improving the health and well-being of the local population.</i></p>	
	<p>The following priority has been amended:</p> <p><i>Work towards becoming a Dementia Friendly City which helps people living with dementia and their families to thrive and which ensures that public and commissioned services are reshaped to meet current and future demand. This includes having clear and coordinated pathways for people with a progressive diagnosis.</i></p> <p>To</p> <p><i>Work towards becoming a Dementia Friendly City which helps people living with dementia and their families to thrive and which ensures that public and commissioned services are reshaped to meet current and future demand. This includes ensuring an equitable and timely access to a diagnosis and person-</i></p>	<p>To ensure alignment with the RPB's Area Plan commitments.</p>

Well-being Objective	Amendment	Reasoning
	<p><i>centred care delivered locally, as well as increasing awareness of dementia and ways to reduce risk.</i></p> <p>The following priority has been removed:</p> <p><i>Tackle loneliness and isolation by developing ways in which lonely patients can be identified and supported.</i></p>	<p>Tackling loneliness and isolation will form an action under the following priority:</p> <p><i>Establish integrated, locality-based, health and care services focused on meeting and improving the health and well-being of the local population.</i></p>
<p><b>Well-being Objective 3: Supporting People out of Poverty</b></p>	<p>The following priority has been amended:</p> <p><i>Increase the number of accredited Living Wage employers across the city.</i></p> <p>To</p> <p><i>Implement the Real Living Wage across the public and private sectors and by November 2025:</i></p> <ul style="list-style-type: none"> <li>• <i>Increase the number of accredited Living Wage employers across the city to 300</i></li> <li>• <i>Increase the number of workers receiving a pay rise onto at least the Real Living Wage to 13,900</i></li> </ul> <p>The following indicator has been added:</p> <p><i>Number of accredited Real Living Wage employers</i></p>	<p>To quantify the ambition, aligning with the Living Wage City Action Plan.</p>

Well-being Objective	Amendment	Reasoning
	<p><i>Number of workers receiving a pay rise onto at least the Real Living Wage</i></p>	
	<p><i>'Reducing the prevalence of smoking' has been added to the following priority:</i></p> <p><i>Develop innovative, data-led approaches to tackle health inequities and amplify prevention in the wake of the pandemic and current cost of living crisis, including:</i></p> <ul style="list-style-type: none"> <li>• <i>Improving childhood vaccination and immunisation uptake in Cardiff</i></li> <li>• <i>Improving uptake of bowel screening</i></li> </ul>	<p>The importance of reducing the harms of smoking was highlighted by Public Health Wales.</p>
	<p>The following priority has been removed:</p> <p><i>Improve end of life care for all ages</i></p>	<p>Improving end of life care will form an action under the following priority:</p> <p><i>Establish integrated, locality-based, health and care services focused on meeting and improving the health and well-being of the local population.</i></p>
<p><b>Well-being Objective 4: Safe, Confident and Empowered Communities</b></p>	<p>The following priority has been amended:</p> <p><i>Create more resilient communities through a targeted multi-agency problem-solving approach to anti-social behaviour hotspots.</i></p>	<p>Reworded for clarity.</p>

Well-being Objective	Amendment	Reasoning
	<p>To</p> <p><i>Deliver local partnership-based projects which tackle significant anti-social behaviour issues through a problem-solving approach.</i></p>	
<p><b>Well-being Objective 5: A Capital City that Works for Wales</b></p>	<p>The following priority has been removed:</p> <p><i>Implement the Real Living Wage across the public and private sectors (increase the number of accredited Living Wage employers).</i></p>	<p>Implementing the Real Living Wage across the public and private sectors is a priority under Well-being Objective 3.</p>
	<p>The following indicator has been added:</p> <p><i>Number of apprenticeship learning programmes started in the healthcare and public services sector by Cardiff residents</i></p>	<p>To provide an indicator against the following priority:</p> <p><i>Work together to deliver new apprenticeship and trainee opportunities across the city's public services.</i></p>
	<p>The following priority has been added:</p> <p><i>Work together to maximise outdoor recreation using green and blue infrastructure.</i></p>	<p>To recognise the need to value the natural environment and facilitate a greener city centre environment.</p>
	<p>The following priority has been amended:</p>	<p>To link with the ambition to reduce carbon in public service estates.</p>

Well-being Objective	Amendment	Reasoning
	<p><i>Work together on maximising the opportunities for local employment and supply chains, and reducing the impact on the environment, during the development and building of significant new public sector infrastructure e.g., health or local authority estate.</i></p> <p>To</p> <p><i>Work together on maximising opportunities for local employment and supply chains during the development and building of significant new public sector infrastructure, such as health or local authority estates, ensuring that new infrastructure supports the city to achieve decarbonisation and climate resilience, to improve the health and well-being of our communities.</i></p>	
<p><b>Well-being Objective 6: One Planet Cardiff</b></p>	<p>The following priority has been amended:</p> <p><i>Work together to transition to a Low Emission public sector fleet.</i></p> <p>To</p> <p><i>Work together to transition to a Low Emission public sector fleet by:</i></p>	<p>Transitioning to a low emission public sector is an ongoing ambition; the priority has therefore been amended to clarify what the PSB will do that is 'new.'</p>

Well-being Objective	Amendment	Reasoning
	<ul style="list-style-type: none"> <li>• <i>Exploring opportunities for shared depot facilities, optimising opportunities for integrated EV charging infrastructure and possible direct renewable energy supply.</i></li> <li>• <i>Exploring technical opportunities that could enable partner organisations to utilise each other’s existing on-site charging infrastructure.</i></li> <li>• <i>Exploring opportunities to develop shared procurement arrangements for new EV fleet vehicles.</i></li> </ul>	
	<p>The following priority has been amended:</p> <p><i>Work together to reduce carbon in public service estates.</i></p> <p>To</p> <p><i>Work together to reduce carbon in public service estates by:</i></p> <ul style="list-style-type: none"> <li>• <i>Comparing and collating overall cost estimates for net-zero by 2030 amongst all partners, and identifying funding gaps, strategic issues, and opportunities for onward discussion with policy makers.</i></li> </ul>	<p>Working together to reduce carbon in public service estates an ongoing ambition; the priority has therefore been amended to clarify what the PSB will do that is ‘new.’</p>

Well-being Objective	Amendment	Reasoning
	<ul style="list-style-type: none"> <li><i>Embedding carbon sequestration, tree planting and environmentally responsible land management protocols in estates' strategies.</i></li> </ul>	
	<p>New priority added:</p> <p><i>Work together to develop and deliver a Local Nature Recovery Action Plan.</i></p>	To recognise the need to address the nature crisis.
	<p>The following indicator has been added:</p> <p><i>Percentage of designated features in protected conservation sites that are in 'favourable' condition. Sites include Sites of Special Scientific Interest (SSSI) and Special Areas of Conservation (SAC)</i></p>	To provide a measure of biodiversity.
	<p>The following priority has been added:</p> <p><i>Work together on maximising opportunities for developing walkable neighbourhoods during the development and building of significant new public sector infrastructure, such as the health or local authority estate, progressing Cardiff's ambition to become a '15-minute' city.</i></p>	To contribute to the behavioural change needed to deliver net-zero.
	<p>The following indicators have been added:</p>	To provide indicators against the following priority:

Well-being Objective	Amendment	Reasoning
	<p><i>Percentage of Cardiff residents who feel confident in buying food that is produced in an environmentally friendly way</i></p> <p><i>Percentage of Cardiff residents who feel there is a movement for good food in Cardiff</i></p>	<p><i>Promote healthy, local, and low-carbon food and support Cardiff's bid to become the first Gold Sustainable Food Place in Wales.</i></p>
<p><b>Well-being Objective 7: Modernising and Integrating our Public Services</b></p>	<p>No changes made.</p>	
<p><b>Changes to the Narrative</b></p>	<p>Changes to the narrative have been made throughout the document, in alignment with feedback received; the most significant changes include:</p> <ul style="list-style-type: none"> <li>• The reference to culture – and the positive impact that it can have across the well-being objectives - has been strengthened throughout the Plan.</li> <li>• The reference to climate change and nature has been strengthened throughout the Plan – the impacts of the climate and nature emergencies are considered within each well-being objective.</li> </ul>
